It is time I think again to ask local Govts. to watch their chief refugees. (I note by the way that our last warning arose from the Quetta report about Abdul Qadir Effendi, & refers to him).

(2) At the same time we might take the opportunity of pointing out the necessity for immediate and full information of any absconding. I hope the U.P. Govt. will realise that the cap specially fits themselves; I do not think we need say more to them over their remissness in the present affair.

My D.597-F./27, 5th March. There has been armed recalcitrance among the Gurbaz tribe in Khost, and some unrest reported among the neighbouring Zadrans, who played a prominent part in the 1924 rebellion of the Pretender Abdul Karim.

Special vigilance over chief Afghan refugees is therefore again advisable.

It is requested that at any time if any refugee absconds the fact be immediately telegraphed to the Govt. of India and repeated to N.W.F. and Baluchistan.
